

Corporate Innovation - Beyond Borders

Panel Description & Speakers

This session explores the diverse activities of South Africa's corporate sector, highlighting its impact on markets within Africa and globally. The panel will discuss the sector's engagement in cutting-edge practices like fostering startups, strategic mergers, and acquisitions, alongside investments in retail and traditional business models. The focus will be on how these various engagements are contributing to sustainable growth and global expansion. Attendees will gain insights into the multifaceted operations of South African corporations, understanding their influence on both the African continent and the wider global economy, and their role in shaping economic trends and development
